## **NORMS, PROCEDURE AND PROCESS TO BE FOLLOWED FOR PRODUCT “DSILVER1000GM”**

### **1. To Trade in DSILVER1000GM [Physical delivery]**

- Any Individual or Institution is allowed to trade.
- Customer needs to have their own operational account in Century Commercial Bank Ltd. [CCBL], compulsorily.

### **2. General Rules**

- Physical delivery is compulsory.
- Contract validity is T + 15 days. [T stands for trade day; 15 days will be calculated on continuous basis]
- Equity hit level is ‘4 % of Used Margin+ Half Commission’
- Contract Expiry Liquidation will be followed as 3 PM from Monday to Thursday and 1 PM on Fridays. Expiry falling on Saturdays and Sundays shall be liquidated at Friday Market Close [Just prior market close] and expiry falling on market holiday shall be liquidated at previous day market close.
- Customer is not allowed to take partial delivery of its placed orders. For example, if customer bought 2 lots at one time then customer needs to settle both at same time. Customer cannot partially take delivery for only 1 lot.
- In trading console of Customers,
  - ✓ Floating Profit shown against the open orders will not have any effect in Customer’s Equity.
  - ✓ Floating Loss will have effect in Customer’s Equity as normal/usual.
- Storage cost is applicable after T + 15 days, only under the below condition:  
If physical delivery is not taken after full payment; till the customer takes the delivery. Charges will be as prescribed by Anand Jewellers.

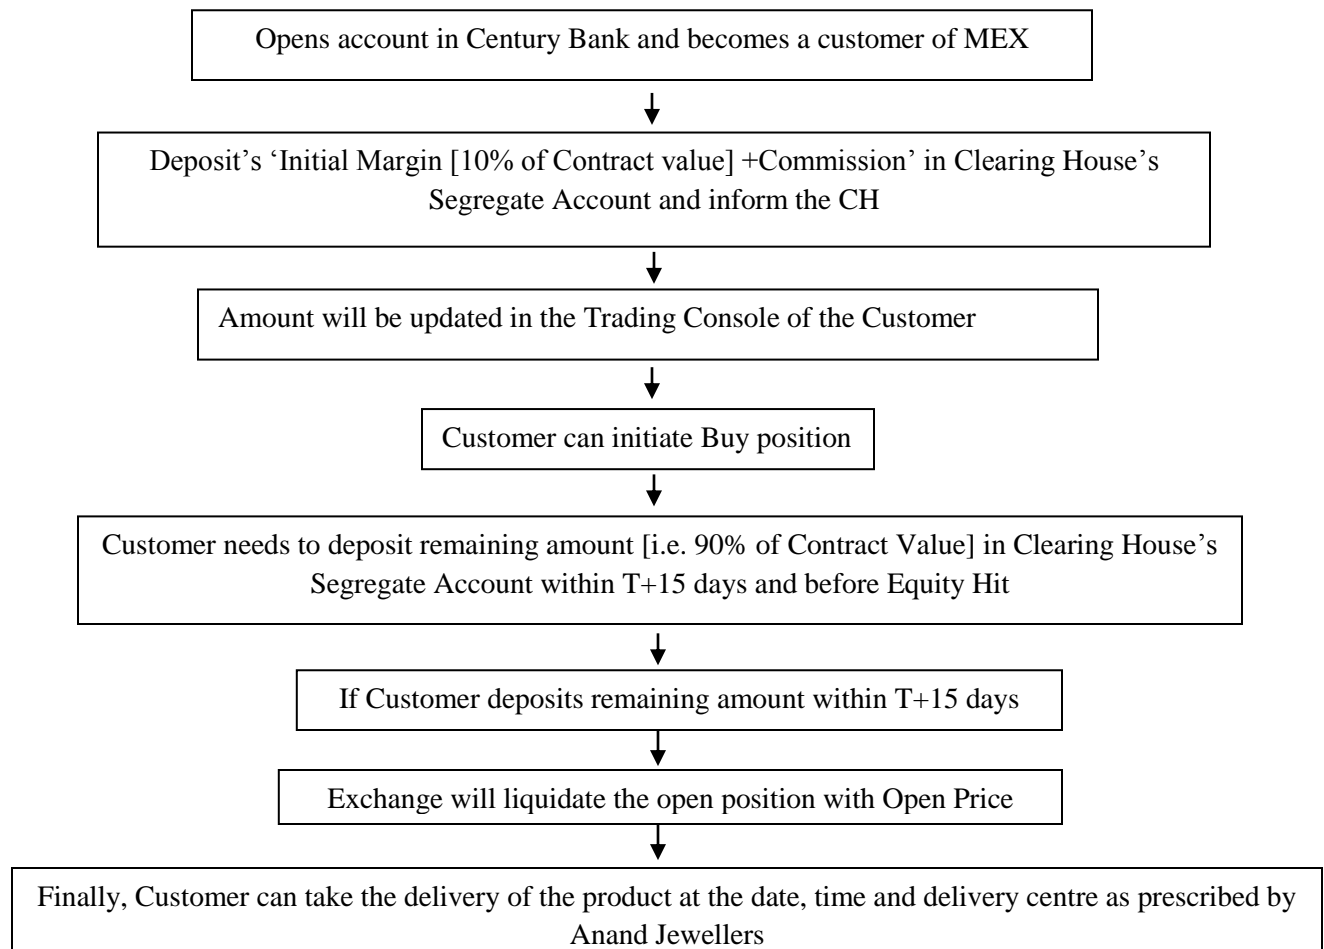

### 3. Delivery & Settlement Procedure

#### Descriptive Procedure:

- Customer can place its order with ‘10% of contract value as Initial Margin + Commission’.
- Customer needs to deposit remaining 90% of contract value within T + 15 days of trade execution by 12 PM. After the full payment, its open position will be liquidated and customer can take the delivery.
- After full payment also if customer doesn’t take the delivery of the product then storage will be applicable till it takes the delivery.
- During above normal condition, customers open orders will be liquidated with Open Price.
- Please note that customer have to present the delivery receipt [available in the trading console] while taking the delivery of the product and have to take the delivery at the date, time and delivery centre as prescribed by Anand Jewellers.
- Buyer will be provided with appropriate tax invoice as per the law of the land.

Or,

#### Described in a Flow chart:

## 4. Default Cases

- There are 2 conditions of default case;
  - 1<sup>st</sup> Condition:** If the remaining amount is not deposited within T+15 days before contract expiry, then;
    - ✓ Customer's open position will be liquidated at market price of contract expiry liquidation time, if in Loss.
    - ✓ Customer's open position will be liquidated with open price, if in Profit.
  - 2<sup>nd</sup> Condition:** If Customers account gets equity hit [if 'Equity' falls to '4 % of Used Margin+ Half Commission'] during contract validity, then; customer's open position will be liquidated in the market.
- Consequences on liquidation during above 2 conditions:
  - ✓ The customer cannot claim for physical delivery of the bought product.
  - ✓ The customer will have to bear the actual loss [if open position is in loss during the liquidation of the product in the trading console].
  - ✓ The customer will have to bear the price difference loss [price difference loss is the amount when there is difference between the liquidated price of existing customer and the new buyer].
  - ✓ After the deduction of price difference loss, 2% penalty will also be imposed on customer. This 2% penalty shall be calculated on the balance amount of the customer after deduction of actual loss and price difference loss.
  - ✓ After all the necessary deduction as mentioned above, the remaining amount will only be refunded to the customer.
- Before Equity hit, Anand Jewellers will try its best to inform the customers about the condition, however it's not the responsibility of Anand Jewellers. Customer should be self alerted during such cases and deposit funds prior equity hit to avoid liquidations of position/s.

## 5. Banking Transaction Rules

Customer needs to deposit the 'Initial Margin + Commission' & 'Remaining Contract Value' in Clearing House's Segregate account of Century Commercial Bank Ltd.

## 6. An Example, with calculation

Suppose, the customer had bought DSILVER1000GM @ 600 per 10 gram; then

<b>Total Contract Value</b>	=	Rs 600*100
	=	Rs 60,000
<b>Applicable Commission</b>	=	Rs.300+ VAT [13%]
	=	Rs 339
<b>Initial Margin</b>	=	10% of 60,000
	=	Rs 6,000
<b>Equity Hit Level</b>	=	4 % of Used Margin [6,000] + Half Commission [169.5]
	=	Rs. 240+ 169.5
	=	Rs. 409.5
<b>Balance required to initiate Buy position</b>	=	Initial Margin + Applicable commission
	=	Rs 6,339 [6,000 +339]

If the customer doesn't deposit the remaining amount [i.e. Rs 54,000] within contract validity, then Exchange will liquidate the open position/s in the current market price at contract expiry and Anand Jewellers will search for a new buyer.

Customer had bought @ Price Rs 600/10 gm

Current Market Price is Rs 580 per 10 gm

Actual Loss in Trading Console	=	(600-580)*100
	=	Rs 2,000

If a new buyer is willing to pay 570 per 10 gram for the customer's product, then customer will be liable to pay the difference too.

$$\begin{aligned}\text{Price Difference loss} &= (580-570)*100 \\ &= \text{Rs } 1,000\end{aligned}$$

Again, 2% of Penalty will be charged on the remaining amount i.e.,

$$\begin{aligned}\text{Penalty} &= 2\% \text{ of } [\text{IM} - (\text{Actual Loss} + \text{Price Difference loss})] \\ &= 2\% \text{ of } [6,000 - (2,000 + 1,000)] \\ &= 2\% \text{ of } 3000 \\ &= \text{Rs } 60\end{aligned}$$

Hence, if client doesn't deposit the remaining amount within contract validity and client's account has not reached equity hit then; amount that will be released and refunded to the customer will be as below:

$$6,000 - 2,000 - 1,000 - 60 = \text{Rs } 2,940$$

### Important Notes:

- This example is applicable when the customer is in Loss condition and the same calculation will be applied in '**Equity Hit**' case too.
- During profitable condition of customer, the open position will be liquidated with the Open Price and Customer will have to bear only price difference loss [if any] and 2 % penalty. Customer cannot claim for the profit amount.

## 7. Disclaimer

- Customer can only initiate BUY for this product. Customer will not have option to liquidate the product.
- As contract validity is continuous days after trade execution; public holidays and international holidays may fall within this time period. So customer needs to be self alerted on this.
