## Press Release

### MEX Nepal Trader Now in Android

Addressing the growing demand of the market, Mercantile Exchange Nepal Ltd. has launched its trading software “**AX1 Trader**” in Android version. The growing demand of the market user for Android version, along with existing IOS, MAC & Windows Version has pushed us to meet this new market requirement

With the AX1Trader of MEX Nepal, client can trade in the commodity markets and also use technical indicators for market analysis on the move. This android version shall largely benefit the existing clients and it shall prove to be a major boost to the clients of Delivery Silver also.

The android version has a user friendly interface and can be downloaded from Play store as “**Mexnepaltrader**”.

For and on behalf of the Board of Directors,

Mercantile Exchange Nepal Limited

Jitesh Surendren  
Chief Executive Officer
